

I recommend Heritage Living Trust!

- Free Lifetime Changes
- Free Lifetime Support
- A+ BBB Online Rated
- Comprehensive 193 Page AB Trust

The most loving thing you can do for your family is to provide for their security with a Living Trust.

Many people don't realize that a Will is an invitation to Probate. That's right...if you have a Will, you will most definitely go through the Probate process. Depending on the state in which you live, Probate can cost your family 5% - 10% of the total Gross value of your estate.

Don't put your family at this kind of risk, Do it NOW...for your family's sake.

About
Living Trusts**

One Of The Most Important Things You Will Ever Do For Your Family

HERITAGE LIVING TRUST

Preparing Living Trusts Nationally Since 1990.

- GOOD NEWS - THE LIVING TRUST

THE COST OF PROBATE \$0
Your Estate is settled long before your death, so there is nothing to Probate, and no Probate fees or delays.

ESTATE TAXES \$0
Protect up to \$7 million per married couple. A Living Trust effectively doubles your exception and is your best defense against this expensive tax.

No Conservatorship Problems
Now you can appoint who you will care for you during your disability, incapacity, or old age, because your Heritage Living Trust provides for a Nomination of Conservator. There is no involvement or reporting to the Conservator Court when you need a Conservator.

There was a time in the "Good Old Days" when a hardworking person could pass his wealth to his family without much trouble. Times are changing and we are witnessing a new era of economic misery. This misery index is called "The Cost of Dying", and it measures the aggregate cost of final sickness and death in financial terms. Probate is not the only hardship your estate will suffer.

They deserve your careful consideration if you are to avoid the difficulties and financial pitfalls that can destroy all you've worked hard to accumulate and to pass to your children. Your financial future depends on your being prepared.

Solutions to your problems today and tomorrow

LIVING TRUST BENEFITS

- SAVE MONEY
- SAVE TIME
- MAINTAIN PRIVACY
- MAINTAIN CONTROL
- PIECE OF MIND

LIVING BENEFITS

Unlike a Will, a Heritage Living Trust has many living benefits.

Including:

- Living Will
- Guardianship for Minors
- Appointment of Conservator
- Asset Power of Attorney
- Health Power of Attorney
- Special Needs Provisions

AVOID PROBATE

Depending on which state you reside,

Probate could cost your family 5% to 10%

of the total GROSS value of the estate you

leave behind and the Probate attorneys

get most of that money.

A Living Trust will not only avoid the costs,

delays, and heartache of Probate, but give

your children the added gift of all that

money that would have been taken in

probate costs.

"Probate is just one price your loved ones pay, when you don't have a Living Trust."
